THE BEST PILOTS ARE THOSE WHO HAVE THE MOST EXPERIENCE FLYING.

THE BEST PILOTS NEVER STOP LEARNING, STUDYING, AND TRAINING. THE EASY RISER IS NOT A STICK & RUDDER AIRCRAFT BUT IT FLYS ACCORDING TO THE EXACT SAME PRINCIPLES. * THE FUN PART OF OWNING AN AIRCRAFT IS THE FLYING OF IT. LEARNING TO FLY THE EASY RISER IS VERY MUCH LIKE THE EXPERIMENTS THAT WERE DONE BY THE WRIGHT BROTHERS AT KILL DEVIL HILL FROM 1900-1903. A GREAT LEARNING EXPERIENCE IN BASIC FLIGHT. THOSE OF US WHO LEARNED THE ART OF FLYING ON WIND SWEEP SAND DUNES REMEMBER THOSE DAYS AS SOME OF THE MOST EXCITING AND JOYFUL DAYS IN OUR LIVES.

WITH THIS TYPE OF FLIGHT, THE LEARNING IS ALMOST THE PURPOSE OF IT. THERE IS SO MUCH POTENTIAL FOR FUTURE DEVELOPMENT AND ADVENTURE IN THIS FORM OF FLIGHT, THINK OF IT, YOUR OWN WINGS, YOU ARE THE FLYING MACHINE! YOU CAN SOME DAY FLY JUST LIKE THAT HAWK CIRCLING ABOVE. ABOVE ALL, IT TAKES A PERSONAL DREAM TO WANT TO FLY THIS WAY. WITHOUT THAT, THE LIGHT-PLANE MAY BE YOUR CUP-OF-TEA.
